Subject: RE: Praxis scores

Dear Mr. Tomes,

Thank you for your interest in The Praxis Series™. Your request for Designated Score Recipient status has been approved.

Recipient code **9043** has been assigned to your campus. Test takers use this code when registering for The Praxis Series assessments. Please share the code with test takers at your school.

Following each test administration, CESA 7 will receive an Institutional Score Report for every test taker that identifies your institution as a Designated Score Recipient when registering to test. A score roster listing each test taker and score(s) will be included with the report(s). Please note you will only receive scores for tests that the state of Wisconsin has adopted.

CESA 7 will also receive aggregated summary information on an annual basis. The data contained in this report is drawn from test takers that identify code 9043 as his/her Attending Institution when registering for The Praxis Series™ assessments. This data will reflect how your students collectively performed on the relevant Praxis tests, provided there are at least five students from your program for whom scores are available.

Thank you again and please contact me if you have any questions about your score recipient status.
