REGIONAL COMPETITION

2011-2012 THEME: **The Age of Empire**

Wisconsin Academic Decathlon is a non-profit, extra-curricular, high school program and charter member of the United States Academic Decathlon®. Wisconsin maintains the ranking of fourth largest participating state, among 36 nationwide, in its 29th year of competition.

Each high school team consists of nine full-time students and is made up three Honor (3.75 to 4.00 GPA), three students in the Scholastic (3.00-3.74 GPA) and three in the Varsity (0-2.99 GPA) category. All nine students write all the tests and the top two scores in each category determine the team score. In this way, the program offers the appeal of mental competition to all achievement levels at a school. Decathletes must be enrolled as full time students in the 9th – 12th grade in public or private high schools.

Through the process of competitive elimination at the November Local Competition, **60 teams** are advancing to **Regional Competition** to be held Friday, January 13, 2012 at five sites: UW-Barron County, UW-Green Bay, GE Healthcare Institute (Milw), UW-Stevens Point and UW-Whitewater. List attached. Four divisions, based on last year's high school (9-12) enrollments, categorize the teams.

The study guide, determined by United States Academic Decathlon® (USAD®), sets forth the material covered in preparation for the events and includes the following:

- **Art** — Curriculum covers art fundamentals and will focus on art and imperial power.
- **Economics** — Covers fundamental economic concepts, microeconomics and macroeconomic, plus a thematic section focused on the economics of imperialism.
- **Language & Literature** — Curriculum includes critical reading, one novella, three poems, and two short stories. Featured novel is *Heart of Darkness* by Joseph Conrad.
- **Mathematics** — Topics in general mathematics and geometry, and includes a brief introduction to differential calculus.
- **Music** — Curriculum covers basic elements of music theory and will focus on music of the Romantic era.
- **Science** — Curriculum presents an introduction to physical science and includes discussions of significant scientific advances made during the nineteenth century.

In addition, students are required to give a Prepared and Impromptu SPEECH, have a personal INTERVIEW, and write an ESSAY.

COMMUNITY VOLUNTEERS NEEDED FOR REGIONAL COMPETITIONS: Volunteerism is a major factor behind the on-going success of the Wisconsin Academic Decathlon. **Volunteers are needed for Regional Competition on January 13, 2012 and at State Competition on March 15-16 to officiate and assist with all the Decathlon events.**

Regional Competition is held at five host sites and the State Competition is held at the Glacier Canyon Convention Center, Wisconsin Dells. Volunteers are utilized as test proctors, essay readers, speech and interview judges — and as assistants in other capacities. It takes over 500 volunteers statewide to coordinate the Local, Regional and State Competitions. Please contact your local CESA Office or the State Academic Decathlon Office if you would like to become a volunteer.
