Peer leaders are students who have roles and responsibilities as officers of classes, clubs and other student organizations in school or in the community. They also serve as chairs of committees and specific activities. This day will be a combination of information and interaction designed to be an enjoyable learning experience and will cover/include: group games that teach inclusion; qualities of effective teams; learning about what leadership teams from other schools do; time to plan what their team wants to accomplish when they get back to school; understanding and empathy of diversity issues in a school setting. *Each team must be accompanied by an advisor. *This training is classified as Universal because all students should have access to Peer Leadership program offerings.</p>
