| Description | Mentoring is an ideal way to ease the transition from elementary to middle school or middle to high school. A student trained as a mentor will be a wonderful asset to your Peer Helper Program and you Student Assistance Program. Mike McGowan will teach your students skills in listening, communicating, and knowing the resources available to help others. He will explain how to set up a mentoring program in your school. Think about the success of Big Brothers and Big Sisters – your school could have it too. Some peer helper training would be helpful but not necessary if the student has natural “helping” skills. *Understanding and empathy of diversity issues in a school setting will be addressed. *Students trained as Peer Mentors/Educators can be used as a research based intervention for those students referred to Tier 2 in Rtl or PBIS. | |
