

ECLIPSE CESA 7 Curriculum Manager Software

Includes Common Core standards for Mathematics and English Language Arts

Highlights

Web-based, password protected software is hosted on a secure server. Full backups are performed nightly. Access to the internet is the only requirement to use Eclipse.

Collaboration is easy. Teacher workgroups and teams are easy to manage, and content can be shared among teachers by simply dragging and dropping curriculum data.

User-friendly curriculum mapping program. Intuitive interface designed and refined by teachers using the software means you don't need to be a technology expert to master this software.

Affordable for any district. No other curriculum software gives you so much for such a low cost.

Measurable gaps in Standards identified at the click of a button. The system will check all Standards to find those not covered. Or find where specific Standards are covered.

Flexible program can be customized to your needs. It's a strong protection of your investment knowing you can make changes down the road as needs change.

Resources such as electronic documents, web-sites, pictures, etc. can be stored within the curriculum for fast lookup and easy sharing.

CESA 7 THE ECLIPSE CONNECTION

The Eclipse Curriculum Manager was developed for school districts of all sizes with concerns for your needs in mind. At CESA 7, we understand the unique challenges faced in local school districts and can help you achieve results with confidence.

The Regional Computer Center at CESA 7 has been providing high quality software and professional, responsive software support to school districts in Wisconsin for over forty years. We are passionate about developing relationships that you can depend on.

CESA 7

Cooperative Educational Service Agency #7

Green Bay, WI 54304

Benefits

On-Site Training & Software Support

Experienced consultants provide on-site training and telephone support for your staff. We assist you in developing an effective implementation and training plan.

Training Manuals & Online Instructional Videos

Straight-forward help manuals and how-to narrated screen demonstrations are provided to your district.

Public Site

A customizable public site for access by parents and the community is available with the Eclipse software. Your district can select courses and related curriculum items that display on the site

WKCE Item Analyzer

We provide the WKCE aggregated student scores with the ability to run reports from the data to see where in your curriculum maps you have covered specific WKCE assessment frameworks.

A Curriculum Management System
Designed for You
